

DEPARTMENT OF MENTAL HEALTH

A DIRECTORY OF INTELLECTUAL AND DEVELOPMENTAL DISABILITIES SERVICES CERTIFIED BY DMH

FEBRUARY 1, 2011

The Bureau of Intellectual and Developmental Disabilities Service Directory for 2011

The BIDD Resource Guide for 2010-2011 contains the names and contact information for all providers certified by the BIDD. Below is a description of the Bureau of Intellectual and Developmental Disabilities (BIDD) as well as the Mission and Vision for the Department of Mental Health (DMH).

The Bureau of Intellectual and Developmental Disabilities (BIDD) is committed to providing the citizens of Mississippi with an array of services and supports. Our system is a person-centered one that is built on the strengths of individuals who have intellectual and/or developmental disabilities and their families while meeting their needs for special services and supports. DMH is committed to preventing or reducing the use of intermediate care facilities for the mentally retarded (ICF/MR) when individuals' needs can be met in less intensive or less restrictive environments.

DMH Mission

Supporting a better tomorrow by making a difference in the lives of Mississippians with mental illness, substance abuse problems and intellectual/developmental disabilities one person at a time.

DMH Vision

We envision a better tomorrow where the lives of Mississippians are enriched through a public mental health system that promotes excellence in the provision of services and supports.

In 2009, the Board of Mental Health implemented the DMH 10-Year Strategic Plan* for the purpose of transforming the mental health system in Mississippi into one that is community based. BIDD staff is a part of Strategic Plan workgroups which address issues related to the operation of the bureau.

**The Strategic plan may be accessed at www.dmh.ms.gov.*

BIDD community service providers consist of a combination of community mental health centers, private for profit companies, non-profit organizations, and the state's five Comprehensive Regional Centers.

BIDD services are funded through either state money used for grants, Social Services Block Grant funds, and/or Medicaid reimbursable services.

The BIDD works with other state agencies as well as advocacy organizations to ensure people already in the BIDD system as well as those accessing it for the first time are connected to services both inside and outside the DMH system.

The BIDD offers services across a person's life span from early intervention for infants and toddlers to retirement living for older persons. BIDD services can be provided in a person's home, in the community, in center based settings, and in ICF/MRs.

Accessing Services

Depending on the services someone is interested in, there is contact information for all programs the BIDD certifies on the following pages. If a person is not sure exactly what they

might need or what might be of benefit, please call the DMH Help Line at 1-877-210-8513 or 601-359-6298. Staff from that office can refer you to providers or to the appropriate DMH staff person. Additionally, for individuals with intellectual/developmental disabilities and their families, case managers at the state's five Comprehensive Regional Centers can assist you.

Definition of Intellectual Disability

The Department of Mental Health/Bureau of Intellectual and Developmental Disabilities supports the definition of Intellectual Disability as put forth by the American Association on Intellectual and Developmental Disabilities.

"Intellectual Disability" is a disability characterized by significant limitations in both intellectual functioning and in adaptive behavior, which covers many everyday social and practical skills. This disability originates before the age of 18.

Federal Definition of Developmental Disability

According to the Developmental Disabilities Act, section 102(8) a developmental disability is a severe, chronic disability of an individual five (5) years of age or older that: a) is attributable to a mental or physical impairment or combination of mental and physical impairments; b) is manifested before the individual attains twenty-two; c) is likely to continue indefinitely; d) results in substantial functional limitations in three or more of the following areas of major life activity: 1) self-care, 2) receptive and expressive language, 3) learning, 4) mobility, 5) self-direction, 6) capacity for independent living, and 7) economic self-sufficiency; and e) reflects the individual's need for a combination and sequence of special, interdisciplinary, or generic services, individualized supports or other forms of assistance that are of lifelong or extended duration and/ or individually planned and coordinated.

Department of Mental Health/ Bureau of Intellectual and Developmental Disabilities provides an array of services including: Work Activity, Prevocational, Day Services Adult, Supported Employment, Supervised Living, Case Management, Early Intervention, Home and Community Supports, In-home Respite, Community Respite, Support Coordination, Day Support, Day Treatment, Behavior Intervention, Physical Therapy, Occupational Therapy, and Speech/Language Therapy.

INTELLECTUAL & DEVELOPMENTAL DISABILITIES SUPPORT COORDINATION SERVICES

IDD Day Support Services

Day Support is a program of structured activities designed to support and enhance the functioning of individuals who are able to live fairly independently in the community through the regular provision of structured therapeutic support. Program activities improve reality orientation, social adaptation, physical coordination, daily living skills, time and resource management, and task completion as well as to alleviate such psychiatric symptoms as confusion, anxiety, isolation, withdrawal and feelings of low self-worth.

Day Support Services are available from the following providers in the following locations:

Region 12 CMHC Pine Belt Mental Healthcare Resources- Hattiesburg, Ellisville, Waynesboro, Purvis, Columbia, Prentiss

Region 11 CMHC Southwest Mississippi Mental Health Complex – McComb, Natchez, Brookhaven

Region 6 CMHC Life Help – Greenwood, Lexington, Indianola

Indicates location of current programs.

IDD Day Treatment Services

Day Treatment is the most intensive outpatient program available to children and adolescents. It should provide an alternative to residential treatment or acute psychiatric hospitalization or serve as a transition from these services. Day Treatment is a behavioral intervention program, provided in the context of a therapeutic milieu, which provides children/adolescents with serious emotional/behavioral disturbances the intensity of treatment necessary to enable them to live in the community. The program is based on behavior management principles and includes, at a minimum, positive feedback, self-esteem building and social skills training. Additional components are determined by the needs of the participants in a particular program and may include skills training in the areas of impulse control, anger management, problem solving, and/or conflict resolution.

IDD Day Treatment Services are available from the following providers in the following locations:

Region 10 CMHC Weems Community Mental Health Center – Meridian, Carthage, Union, Newton

Region 3 CMHC – Tupelo

INTELLECTUAL & DEVELOPMENTAL DISABILITIES DAY TREATMENT SERVICES

Community Respite Services

Community Respite Services are designed to provide families/care givers a safe place in the community where they can take their family member on a short-term basis for the purpose of relieving the family or caretaker or to meet planned or emergency needs. Typically, community respite is provided at time when other types of services are not available such as evenings and weekends.

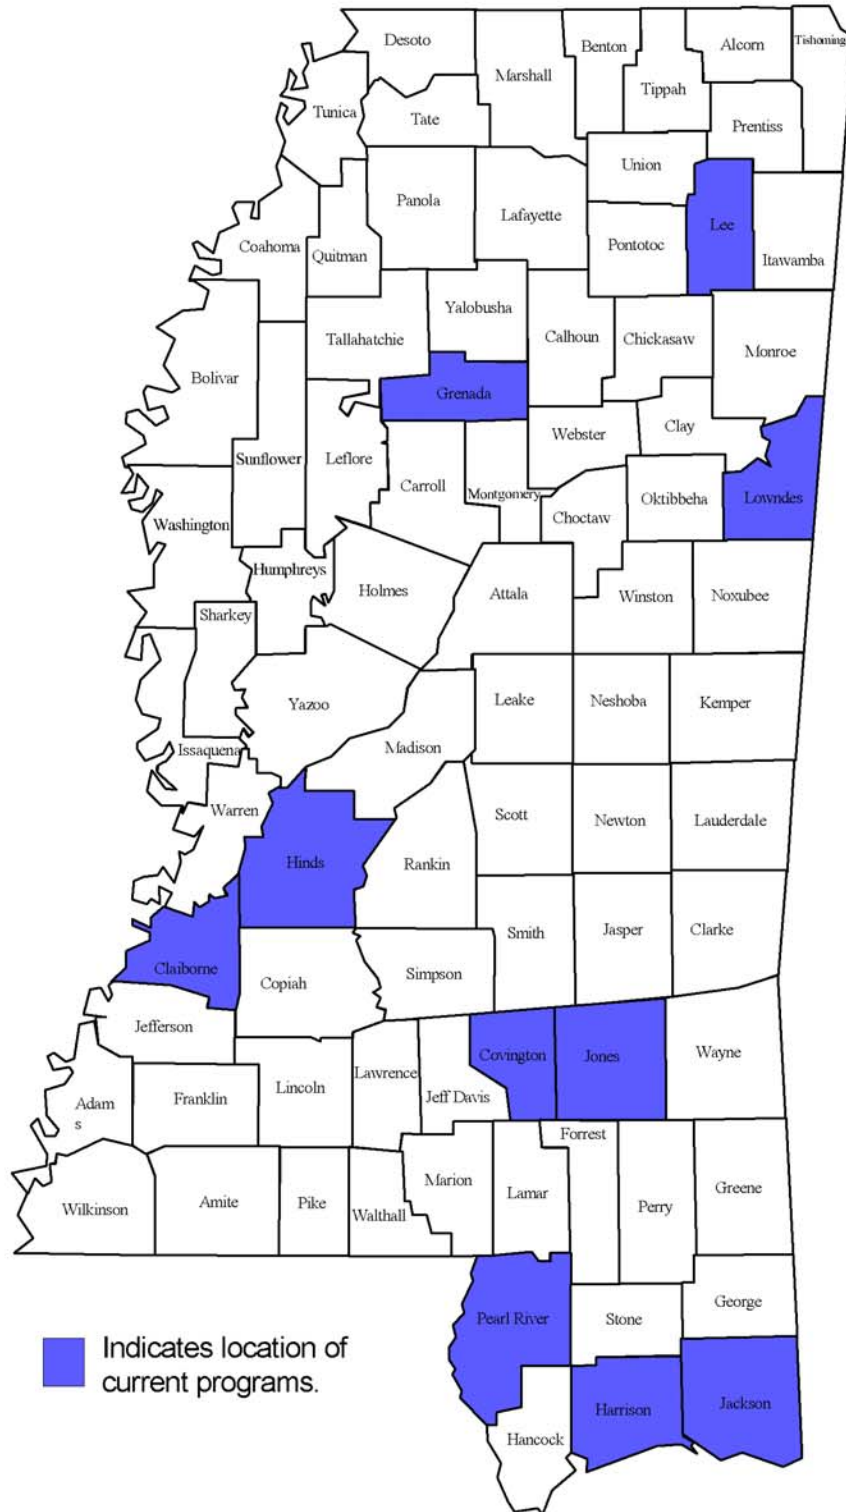

Community Respite Services are available from the following providers in the following locations:

Ellisville State School- Laurel, Columbus

Brandi's Hope Community Services – Pascagoula, Picayune

Millcreek – Jackson, Port Gibson, Moss Point, Tupelo, Grenada, Long Beach, Collins

INTELLECTUAL & DEVELOPMENTAL DISABILITIES COMMUNITY RESPITE SERVICES

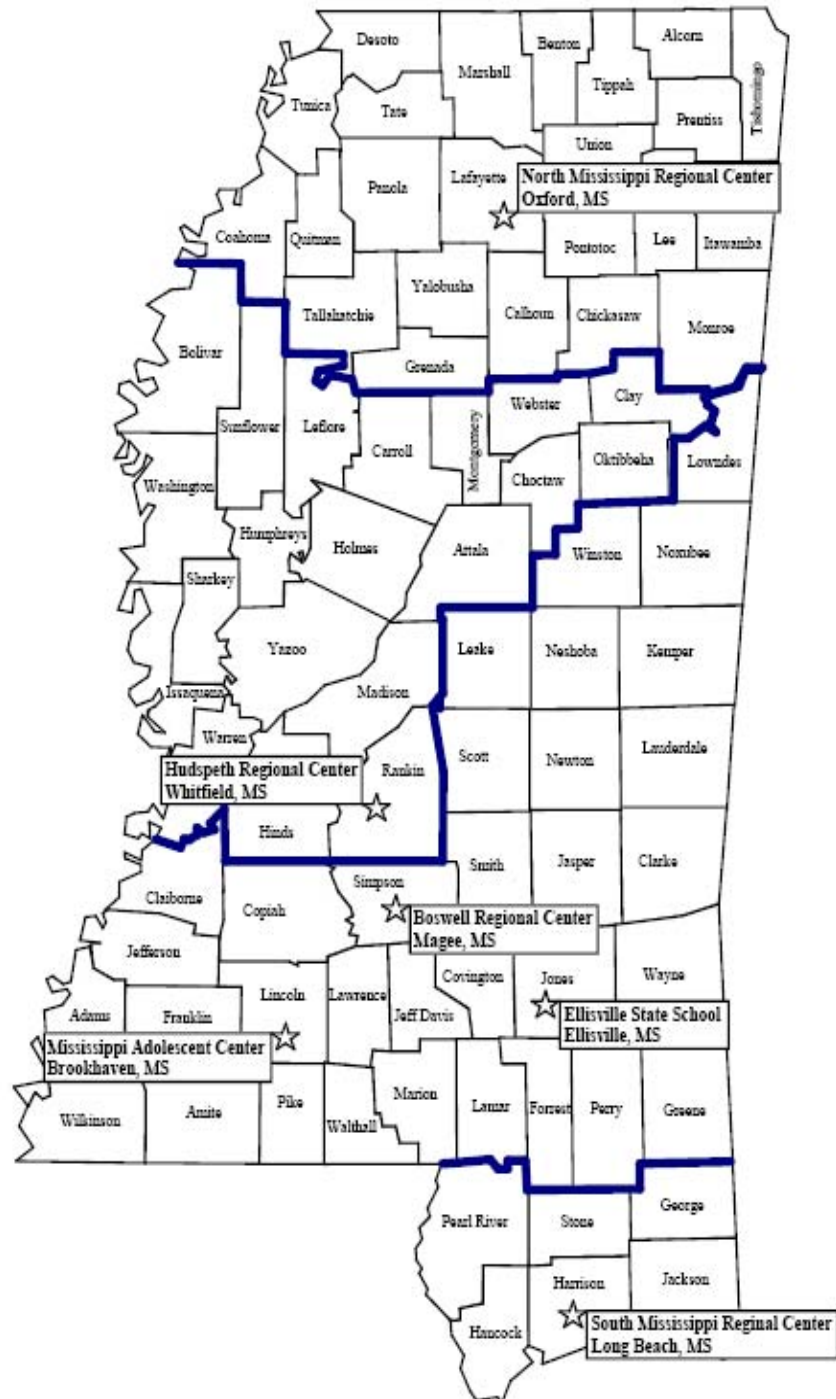

IDD Service System

State-operated facilities- There are five regional centers that are operated by the Department of Mental Health. These facilities serve designated counties or catchment areas in the State and provide intermediate care facility services and a range of community services for persons with intellectual and developmental disabilities.

Regional community mental health/mental retardation centers (CMHC's) operate under the supervision of regional commissions appointed by county boards of supervisors comprising their respective service areas. There are 15 community mental health centers' which provide a range of community-based mental health, intellectual and developmental disabilities, and substance abuse service. The Department of Mental Health is responsible for certifying, monitoring, and assisting the community mental health centers.

Private/Nonprofit Agencies are certified by the Department of Mental Health to provide an array of community-based services for persons with intellectual and developmental disabilities.
